Form QF-E11 How to calculate length needed for Euro Profile Cylinders

Dear Baton user:
Please refer to the line drawings showed , mark the following figures and return to us for quote:

- a) type of cylinder, 5-pin or 6-pin
- b) length of A side
- c) length of B side
- d) finish of A side
- e) finish of B side

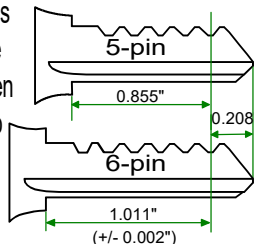

Note:

- 1) "Schlage-C" keyway 5-pin sys
Key side must be 31mm,
36mm or longer.
- 2) 6-pin is available for 36mm or
longer at key side. Please specify.

Caution !!

The Euro Profile Cylinder uses the key tip to integrate / drive the internal plunger to work with the cylinder cam. When key is duplicated, make sure that the key tip is made to the same shape and length as the original 'Baton' key furnished. Failure to follow these specifications could wear out the construction and cause malfunction.

Custom made products are constructed with the specifications requested. Baton warrants that the product will be functioning according to all the specifications and operating parameters of our original product line. No guarantee exists on product functions within specifications of others' make. **50% deposit required for custom made items, no-return and no-refund.**

Type (mark KT, KK, FT or KF , & 5-pin or 6-pin)	A side (mm)	B side (mm)	Quantity	Price (net/each)
type _____ size _____ -pin finish _____				
type _____ size _____ -pin finish _____
