Caution !! The Euro Profile Cylinder uses the key tip to integrate / drive the internal plunger to work with the cylinder cam. When key is duplicated, make sure that the key tip is made to the same shape and length as the original 'Baton' key furnished. Failure to follow these specifications could wear out the construction and cause malfunction.

Custom made products are constructed with the specifications requested. Baton warrants that the product will be functioning according to all the specifications and operating parameters of our original product line. No guarantee exists on product functions within specifications of others' make. **** **Deposit required for custom made items, no-return and no-refund** ****
